THROUGHOUT THE YEAR

THE GIFT OF "QUALITY" SPEAKS FOR THE GIVER —

We have selected and are presenting to you on these pages, for your approval, gifts of outstanding worth, lasting beauty and charm.

Good news this year was the elimination of Excise Taxes that we previously were forced to impose on some items such as Jewelry, Clocks, Watches, Purses, Billfolds and many other items. This means a savings of 10% to you as we have reduced our prices to pass the savings on to you.

Again we have added to the number of pages in the catalog which allows us to present over 250 carefully selected quality items. We have tried to show many items suitable for any member of the family. Arm Chair Browsing and Shopping is one way to avoid exasperation due to driving, parking, getting a clerks attention, waiting for change and packages, crowds and many other annoyances. Take your time in the comfort of your home or office.

Please be assured that we guarantee your complete satisfaction in our products or your money is refunded. We usually fill our orders the same day or acknowledge if a delay is necessary.

Because we cannot check all lists we use, some duplications may occur. If you should receive more than one, won't you please give the extra copy to a Friend, Neighbor or Relative for their use. They will appreciate it as much as we will. If quality is important to your contentment, may we have the pleasure of serving you?
